

PAN 401

LED Downlight

PAN
LIGHTING

Introduction

PAN 401 LED Track light uses COB LEDs for indoor applications.

Housing is made of high pressure die-casted aluminum. Luminaire uses PC reflector and Glass difuser.

Features

- COB LEDs
- LED Driver
- Refector is made of PC material - High quality PC reflector
- Luminaire can be rotated 350 Degree horizontally and 90 Degree vertically
- Various beam angle options [narrow – middle – wide]
- IP rating: IP20-40
- Life span: 30,000 – 50,000 hours

LED Downlight

Tech. Specification

Model	PAN401-25
Power	25W
LED Type	COB
Luminous Flux	2400lm
Lumminous Efficacy	96
CCT	3000 k - 4000 k - 6500 K
CRI (Ra)	>80
Rated Supply Voltage	220-240 V
Input Voltage	198-264VAC
Beam angle	15 /24 /40
Frequency	50/60 Hz

Light Distribution
